

IN THE UNITED STATES PATENT AND TRADEMARK OFFICE

Application of: Rosen et al.

Attorney Docket No.: PS805

Application Serial No.: 09/950,083

Art Unit: 1634

Filed: September 12, 2001

Examiner: Sheinberg, M.

Title: Human Secreted Proteins

TRANSMITTAL LETTER

Tammy Koontz
Office of Publications
Crystal Park 3, Room 905
U.S. Patent & Trademark Office
Washington, D.C. 20231

Ms. Koontz:

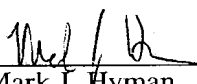

Further to my recent telephone conversation with Lisa Hobbs regarding the above case, due to the length of the tables filed with this application, you have requested that Applicants provide electronic copies of the tables on compact disc in order to simplify the pre-grant publication process. It is my understanding that you are not requesting that we submit an amendment to substitute electronic documents for the originally filed paper tables, but rather merely that we submit a courtesy copy of the electronic documents used to prepare those paper tables. Thus, the originally filed paper tables will remain part of the record copy of the application.

As we discussed, the enclosed CD-R contains the tables in Microsoft Word format; each table in the application is saved as a separate file, with the filename reflecting both the application number and the table number. The undersigned attorney of record hereby certifies that the content of the tables recorded in computer readable form and submitted herewith is identical to the content of the written tables submitted with the instant application.

If you have any questions or concerns, please do not hesitate to contact me.

Respectfully submitted,

Dated: December 4, 2002

Mark J. Hyman
Attorney for Applicants
